

Chronic Disease Self-Management Education Refresher Training

This Refresher training will cover basic facilitation skills and concepts that make up the base curriculum for all of the CDSME programs.

You must be an ACTIVE Leader in the Living Well with Chronic Conditions, Healthy Living with Diabetes, or Healthy Living with Chronic Pain program to take this Refresher Training.

This means you have co-led a Living Well with Chronic Conditions, Healthy Living with Diabetes, or Healthy Living with Chronic Pain workshop in the last 18 months.

Attending this training counts the same as co-leading a workshop. If you are not able to facilitate a workshop over the next year, this will keep you active in the programs you are certified in for one year (until September 2022).

September 16th - 9am to 3pm

ADRC of Central Wisconsin

2600 Stewart Ave, Suite 25

Wausau, WI 54401

Fee \$50.00
